

AVCOSYSTEMS

Location: Slough UK

Salary: £25,000 - £40,000 per annum

Job Type: Permanent

Job Description: Sysadmin

Avco Systems Ltd are a modern, growing Software Development business based in Slough, UK.

We work with some of the largest businesses in the UK, Europe and America to help them develop, support, maintain and host their large software projects. We have a sharp focus on client satisfaction, rapid feedback and ongoing improvement, so we are looking to grow our team with some forward thinking, enthusiastic people that will help continue to drive the business forward.

Work closely with a great team of fun, but focused, like-minded Software Developers and IT Ops colleagues. Grow your skills and experiment with new tools, techniques and technologies. Work on a wide variety of projects and influence positive change to the business.

We are seeking multiple positions in our team with varying levels of experience. (Training provided where necessary.)

Sysadmin - IT Ops

Roles/Responsibilities:

- Support, maintain and improve the IT infrastructure of the building, including the internal network, data centre and PCI networks. This includes all critical services such as e-mail, DNS, VOIP, switches, Internet fibre, etc.
- Support, maintain and improve cloud infrastructure at AWS, Azure and other cloud service providers.
- Design, plan, implement and manage the deployment of new infrastructure components.
- Locate, diagnose and resolve technical issues.
- Deal with occasional technical customer enquiries and manage any issues through to a conclusion.
- Assist in the deployment, maintenance and support of applications at cloud service providers, our data centre and remotely in our clients' data centres.
- Support the team to maintain/improve compliance to ISO 27001 & PCI DSS.
- Deal/negotiate with IT suppliers - hardware, fibre etc.
- Work closely with other areas of the business to support client requirements.
- Guide and mentor less experienced members of the team.
- Help build the team to further support the business.
